- Beamer

- Well equipped kitchen with dishwasher
- Dining room
- Workshop with a basic range of tools
- Washing machine
- Wood burning stove

- Patio and garden area
- Parking spaces
- For children: travel bed, highchairs

Please note:

As an old stone house it is difficult to heat and therefore it might be chilly.

We will provide all kind of household items. There is a fee for this, which includes replacements and repairs, and the tourist taxes. It is 1250 CHF per residencyslot. And we maintain garden & house so that you can take over this place beautifully for your month there.

This month you commit to 4h of gardening per week.

## How to get there

Vairano is accessible by car and public transport. There are around five bus connections per day as well as a train from Malpensa airport of Milan to S. Nazzaro. The closest bus stop is called «Vairano Paese», which is just around the corner.

Plan your journey early. Check out [sbb.ch](http://sbb.ch) for train connections, in addition to other railway companies. The SBB offer supersaver tickets.

The nearest grocery store is in walking distance or a short bus ride away. Supermarkets and hardware stores are also accessible by bus (30 minutes one-way minimum). For shopping a car is definitely worth it, but not necessary if you organise yourselves.

## Your Guests...

...can stay for 35 CHF per night with their own sleeping bag.

We would like to point out that we assume that you will be present at Casa Sasso the whole time. Absences that can not be postponed and are not manageable (max. 4 days) must be communicated well in advance.
