Wifi internet  
A4 colour laser printer & scanner  
Active desktop speakers  
Boombox  
Beamer

Well equipped kitchen with dishwasher  
Dining room  
Workshop with a basic range of tools  
Washing machine  
Wood burning stove

Patio and garden area  
Parking spaces  
For children: travel bed, highchairs

Please note:  
As an old stone house it is difficult to heat and therefore it might be chilly.

Please address applications, general inquiries  
and paypal transfers to: mail@sasso-residency.ch

Version 2026

We will provide all kind of household items. There is a fee for this, which includes replacements and repairs, and the tourist taxes. It is 250 CHF per person. And we maintain garden & house so that you can take over this place beautifully for your month there. This month you commit to 2h of gardening per week.

## How to get there

Vairano is accessible by car and public transport. There are around five bus connections per day. The closest bus stop is called «Vairano Paese», which is just around the corner. Plan your journey early. Check out sbb.ch for train connections, in addition to other railway companies. The SBB offer supersaver tickets.

The nearest grocery store is in walking distance or a short bus ride away. Supermarkets and hardware stores are also accessible by bus (30 minutes one-way minimum). For shopping a car is definitely worth it, but not necessary if you organise yourselves.

## Your Guests...

...can stay for 40 CHF per night with their own sleeping bag.

We would like to point out that we assume that you will be present at Casa Sasso the whole time. Absences that can not be postponed and are not manageable (max. 4 days) must be communicated well in advance.
